

FINISH•MASTER™

# Oval Vibe FM-SBO Series

## Features:

- Adjustable amplitude
- Powerful motor for low price
- 100% parts/media separation
- Heavy duty base & bowl
- Removable cast drain plug & urethane screen
- Tuned coil suspension
- Media discharge door
- Parts discharge ramp
- Sound suppressor cover
- Flexible time cycles
- Durable polyurethane lining

## *Oval Series with Internal Separation and Variable Speed*

**Bel Air Oval Vibe FM-SBO Series** Vibratory Machines all feature heavy-duty steel bases and bowls with a durable high-wearing cast polyurethane lining. They offer 100% internal parts/media separation, as well as a discharge ramp and door for parts and media respectively. While inexpensive, the FM-SBO series boasts heavy-duty motors, and all models are capable of using steel process media. These machines are rugged and heavy enough to sit on the floor without a need for mounting bolts. It's a combination of durability, power, and maximum value for your money!
