Vibratory Tub Finishers

Vibratory Tub Finishers

FINISH•MASTER

Vibratory Tub Finishers

FMT Series

These robust heavy-duty machines feature all steel construction, durable rust-preventative paint, and oven-cured Uniroyal urethane liner.

Every model comes standard with: a compound system with tank, pump, spray bar mounted in process chamber with adjustment valve, and all hoses and connections required, mounting bolts. A discharge door is included, as well as a tub drain with outlet connection.

FMT vibratory tub finishers are **economical and available in several voltages.**

Optional tub dividers are available and mount in a matter of seconds into the pre-drilled holes.

Bel Air is a System Integrator and all equipment can be modified or adapted to fit Cellular or JIT manufacturing platforms.

All models are made in the USA.

Features

- Heavy Gauge Steel Construction with rust-preventative enamel paint finish
- Oven cured replaceable Polyurethane liner
- Discharge door with discharge trough
- Sound reduction cover
- Complete compound circulation system
- Optional dividers available for added versatility
- Larger models have large width for extra large parts

Model	Chamber Length (Inches)	Chamber Width (Inches)	Chamber Depth (Inches)	Volume (Cu. Ft.)	Motor Horsepower	Weight (Pounds)	Voltage/Phase
FMT-075	8.625	13.75	11.625	0.75	3/4	130	110/220 V, 1 Phase
FMT-01	19.75	15.5	15.75	2.5	1	350	110/220V, 1 Phase
FMT-03	31	13.5	13	3	1	400	110/220V, 1 Phase
FMT-06	35	18	18.75	6.5	3	740	220/440V, 3 Phase
